Company profile

"Integrating Wisdom and Industry-Education Ecosystems with a Commitment to Quality for National Talent Development"

Since its establishment, Guoyu Wisdom Group has been dedicated to the education service sector. With 13 years of in-depth experience in education, the group has closely collaborated with educational authorities and leading technology companies, including Peking University, Beijing Normal University, the Chinese Society of Education, the Chinese Academy of Education Sciences, Guozhizheng Beidou, and the National Supercomputing Center. Emphasizing the philosophy of "Central Education and Comprehensive Education," Guoyu Wisdom Group provides high-quality private institutions for children aged 0-18, including childcare centers, kindergartens, primary schools, middle schools, high schools, vocational colleges, and private universities.

The group ' s mission is to "help every student reach their full potential." It adheres to a holistic approach that integrates specialized education, intelligent education, quality education, and family education, striving tirelessly to cultivate well-rounded talents with moral, intellectual, physical, aesthetic, and labor skills, as well as a strong humanistic outlook. The group ' s educational framework spans from kindergarten to high school, providing a consistent educational experience across different age stages. It offers teachers and students a rich, personalized learning and tutoring environment, ensuring that education is truly student-centered and enjoyable, fostering self-motivated learning. Due to the significant contributions the group has made to education in Tianjin and its high social reputation, the group was invited to exclusively sponsor the "2023 Tianjin 3.15 Gala."
